Technological Changes in Libraries Classification System

By Ramesh Chandra A.P. Shrivastava

2003. Hardcover. Condition: New. 278 The functioning of a library has been with a fairly old style for a long time. The process indeed was slow and hence it needed a useful improvement. The electronic and digital system brought about a remarkable revolution in the life of libraries. This led to computer-oriented technologies. Undoubtedly this new system gave a new boost to electronic publications which greatly helped the library budgets. Besides we have taken advantage of the copyright based industries, computer software, intellectual property and agreement having link ethics. The contents have been used in a comprehensive chapters along with a Bibliography. About The Author:- Prof. Ramesh Chandra, was born in a family of academicians and freedom fights on July 1st 1957 in village Bijwara District Meerut of Uttar Pradesh. He started his research career at University of Delhi and then went to the New York Hospital-Cornell University Medical Center, as well as at the School of Medicine, State University of New York at Stony Brook as a faculty member and then went to Harvard University Mdical School-Massachusetts General Hospital Jointly at MIT, Cambridge, USA. On his return to India he joined the faculty at the university of Delhi, where...

Reviews

If you need to adding benefit, a must buy book. This really is for all who statte that there had not been a well worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Claud Bernhard**

It is an remarkable pdf which i have ever go through. Of course, it can be play, nonetheless an interesting and amazing literature. I realized this pdf from my dad and i suggested this book to discover.
